- TA in Business Intelligence and Analytics

EXPERIENCE

SPORTS & ENTERTAINMENT ADVISORS, San Francisco, US

2026-Present

Sports consulting firm focused on ticketing and revenue optimization for professional teams, leagues, and event properties

Consulting intern (Strategy & Business Operations)

Go-to-Market, Pricing Strategy & Organization Design

- Built the pricing and inventory strategy for a client's move into a 3x-capacity arena, unlocking \$10M in incremental annual revenue (~100% growth); sized the sales org to capture it and designed a new rep commission structure
- Developed an automated account-level renewal risk model that scored the full season-ticket base and drove campaign sequencing and outreach priority, concentrating rep effort on the ~40% of accounts carrying ~60% of renewal revenue
- Built SEA's AI roadmap by scoring five recurring workflows on frequency, risk, and value; shipped the top-ranked automation for client deliverable production and embedded it into new-hire onboarding

XEPELIN, Santiago, Chile | CDMX, Mexico

2021-2025

Latam B2B Lending fintech specialized in supply chain finance, with 110M Series B backed by Kaszek, DST, Paypal and Avenir

Partnerships Lead (2024-2025), Portfolio Lead (2022-2024), Portfolio Associate (2021-2022)

Revenue Growth & Operating Cadence

- Drove 4x MAU growth for Partnerships team by operationalizing a product-led expansion motion: launched API integrations and a self serve customer/partner portal, standardizing onboarding and adoption workflows to remove friction at scale
- Increased annual net revenue 150% (\$500K to \$1.25M) and grew CLV by building a data-driven engine to diagnose funnel bottlenecks and launching prioritized retention/acquisition fixes, tracking impact through cohort and churn analysis
- Built an end-to-end playbook from lead generation through contract close, onboarding, and ongoing management; reduced time-to-active by 40% while increasing clients self serve rate, cutting operations time by 25%

Portfolio Strategy & Performance Analytics

- Deprioritized 15% of clients driving 65% of lending defaults by building an invoice-level risk pricing and provisions system and analyzing payor payment patterns; improved portfolio health and increased loss-adjusted unit economics across the portfolio
- Led bi-weekly C-level performance committee: turned granular default data into risk tiers and action plans, aligned owners/OKRs, and accelerated decisions on credit policy and customer prioritization

Team Leadership & Operational Scale

- Built and guided a three-person portfolio strategy team; expanded team operations internationally into Mexico, growing the portfolio from \$84M to \$267M (200%+)
- Reduced Partnerships overhead 30% by consolidating and leading three siloed teams into a streamlined 8-person org serving banks and SMB finance institutions; redesigned workflows, roles, and capacity planning to increase efficiency

GRUPO CONSORCIO, Santiago, Chile

2020-2021

Insurance and bank group with consolidated assets over \$20B and strong Chilean banking presence with a loan portfolio of \$5.4B

Sr. Internal Consultant (2021), Internal Consultant (2020)

Strategy & Project Management

- Chaired a weekly steering committee of 8+ senior managers from the bank's and the insurer's real estate units, owning prioritization and trade-off calls across a joint portfolio and closing six cross-entity projects end to end
- Modeled and introduced a specialized mortgage product for state-subsidized housing, expanding the addressable market by \$800M annually; partnered with Product/Engineering, Risk, and Legal, and presented it directly to the board of directors
- Directed and executed Chile's first digital mortgage pre-approval system that allowed instant approvals, cutting down approval time from two days to instant results (100% reduction) working alongside design, product engineer and legal team
